# JPM Week Tips: The Professional

- + **Target your meeting requests** to make best use of your time and effort
- + **Start your meetings on time, and end on time.** Remember that your counterpart may need to leave early to get to a meeting down the block
- + **Be thoughtful about what you're presenting.** Text-heavy slides and diving deep into the science are the fastest ways to lose their attention
- + **Focus on making the connection** so that your follow up is taken more seriously. *Make sure to do the follow up!*
- + **Bring your contact info.** Physical business cards and virtual backups; LinkedIn QR code

# JPM Week Tips: The Practical

- + **Pack comfortable shoes & umbrella**
- + **Be mindful of your meeting location.** Hotels may approach you & charge a fee if you're meeting in their lobby
- + **Provide detailed meeting location info** when arranging meetings
- + **Make your reception/party plan now.** Some events require RSVPs and could fill up closer to the event date. Research the right events for you & consider transit times
- + **Ask your network** for small group opportunities to meet up
- + **Schedule more meetings to follow JPM Week,** especially if you can't find mutual availability
